It has been accepted for inclusion in ISSCM Newsletters by an authorized administrator of CORE Scholar. For more information, please contact library-corescholar@wright.edu.
MESSAGE FROM OUR DEPARTMENT

Welcome to the November ISSCM Newsletter! In this issue, you will read about our exciting events held in the past month. We thank Speedway, Honda, R+L Carriers, and our Advisory Board for engaging our students with real-life learning experiences. The Sports Analytics Keynote marked a new beginning of our collaboration with the Athletics Department on game-changing analytics! In this newsletter, you will also read about some newest job opportunities in supply chain and information systems.

To add some fun after Halloween, we made some artificial "goofs" in some of the photos in this newsletter. If you find three, email rachel.testa@wright.edu and you will receive a prize from the department.

Enjoy November and we will be back before the end of the semester!

Dr. Shu Schiller, Department Chair

**MASTER PROGRAM HIGHLIGHTS**

As Fall is turning into Winter, our Fall 2015 Masters Cohorts are hard at work. The Master of Information Systems cohort is increasing their knowledge of Data Analytics and Project Management, while the Master of Science in Logistics and Supply Chain Management are waist deep in finishing their Project Management course and moving on to Quality Management and Lean Supply Processes! Both cohorts are finishing up 2015 strong.

Don’t forget that we are recruiting for Fall 2016. Visit the Graduate School Open House on November 12th from 5 PM to 7 PM at Wright State University in the Student Union. Rachel Testa and I will be there to answer your questions. If you apply that night we will waive your $40 application fee.

**WRIGHT BROTHERS DAY**

On October 8, 2015, Wright State University celebrated the fourth annual Wright Brothers Day
in the spirit of innovation. Wright Brothers Day marks the anniversary of Wilbur Wright’s 39 minute flight on Huffman Prairie in 1905, demonstrating that the Wright brothers had advanced their design to the point of a practical airplane. The event included historical and technology displays, food and a keynote address by Timothy Gaffney, Director of Communications at the National Aviation Heritage Area.

SPEEDWAY RUNS ON TECHNOLOGY

October 12, 2015
Picture above: Chris Salley (MIS & SCM 2012), Brad Anderson (Marketing 2004 & MIS 2013), Doug Couch (VP of IT, Speedway), Jamie McCall (Speedway), and Ida Beran (Speedway)
HONDA - THE POWER OF DREAMS

On October 13, 2015, Honda North America executives brought a new Civic SI for the Supply Chain Management Student Club to keep on campus for fall projects. They met with students and presented in class.
Picture above: Valerie Stueland, Monica Oliverio (Honda), Dr. Jim Hamister, and Bill Harris (Honda)
Picture above: Dr. Jim Hamister speaking at the Honda event.
Greg Bonner (VP Marketing & Business Critical Solutions), Judah Jamiel (Inside Sales Manager) both from R+L Carriers and Don Hopkins (Chair of ISSCM Advisory Board) spoke at the Business 1000 classes on the careers of Information Systems and Supply Chain Management.
Pictured above: Greg Bronner, VP Marketing & Business Critical Solutions
Don Hopkins, Chair of ISSCM Advisory Board spoke at the Technology First CIO Council meeting on gaming technologies.

Sports Analytics

On October 28, 2015, the Raj Soin College of Business hosted an exciting Keynote Event that took a special look into how analytics are transforming the world of sports. The keynote surveyed the state of the art for baseball, basketball, football, hockey, and soccer with examples of the best practices of sports analytics in professional teams. The keynote concentrated on both the front-office (fan engagement, ticket pricing) and the back-office (coaches, trainers, players) operations in their unique ways of doing analytics. A research workshop took place in the new DAVE lab to continue the discussion on data and analytics in sports.

CAREER OPPORTUNITIES

Buyer/Planner - Henny Penny - Click HERE for job details or visit our LinkedIn page
We are looking for a talented individual to join our Purchasing team as an entry level Buyer/Planner. This person will be responsible for the acquisition and administration of all assigned commodities necessary for plant production with the optimum balance of cost, quality, and supplier service. This person will also lead continuous improvement activities that provide cost reductions and improved processes.

Information Technology Intern - American Cutting Edge - Visit our LinkedIn page for job details
American Cutting Edge is looking for a candidate to fill a part-time IT position/internship. This is an opportunity to gain experience within the IT field while in college. To be successful in this position, a candidate will need knowledge of Microsoft Operating systems, networking, and database management. Send resumes to: Sharon Drewry, HR
Manager, American Cutting Edge, 4455 Infirmary Road, Miamisburg OH 45342. Office phone number 937.384.5085, Fax number 937.866.4477, Email sdrewry@cbmfg.com.

**Operations Manager** - Morris Furniture Co., Inc. - Click [HERE](#) for job details or visit our [LinkedIn](#) page

The Operations Manager is responsible for leading all aspects of the Warehouse and Distribution Center including Customer Pick-Up, Receiving, Repair Shop, Returns, and the Prep & Assembly function. General Description of duties: Manage and lead all aspects of the Distribution and Warehouse operation. Manage Prep and Assembly teams to ensure all product is appropriately assembled and prepared for daily delivery routes to ensure customer expectations are exceeded. Organize all activities and assigns jobs accordingly to staff. Creation and development of warehouse processes to ensure efficiency at all times. Provide customer service for pick up customers and resolve any issues when necessary. Maintain employee schedules to ensure adequate coverage to support business needs. Coordination with the Delivery Operations Manager to ensure inventory control and driver accountability. Oversee Internal Store Transfer (IST) process including follow-up documentation. Complete routine facility walks to ensure safety, cleanliness, and overall supervision of the facility. Manage performance according to goal and determine benchmarks for achievement. Ensure the workplace safety requirements are met. Ability to supervise operation supervisors, team leads, and associates. On boarding, hiring, discipline, and coaching.

**Operations Supervisor** - Morris Furniture Co., Inc. - Click [HERE](#) for job details or visit our [LinkedIn](#) page

The Operations Supervisor is directly responsible for supervising a specific department within the Distribution Center. This person is responsible for directing the work and activities of the team leads and associates on a specific team, monitoring their attendance, and providing coaching for desired performance. General Description of duties: Supervises activities of associates engaged in shipping, receiving, loading, and unloading trucks and in assembling, repairing, storing, retrieving, packing, and distributing finished goods to customers or retail stores. Assigns associates to specific duties, such as verifying amounts of and storing incoming merchandise and assembling customer orders for delivery. Establishes operational procedures for verification of incoming and outgoing shipments. Identifies safety issues and is aware of and responsible for following all safety processes for safe machine operation and
other PPE requirements. Safely operates required machinery and equipment or chemicals including saws, spray paints and lacquers, drills, air hoses, and other appropriate tools. Provides disciplinary actions with approval from Warehouse Operations Manager to team members. Interviews candidates for open positions in conjunction with Human Resources. Assists with the performance review process and provides coaching and other feedback to employees.

**Database Administrator Intern, Appraisal & Tax, Spring 2016** - Tyler Technologies - Click [HERE](#) for job details or visit our [LinkedIn](#) page
As a Database Administrator Intern you would assist with the installation and maintenance of Oracle database installations, and apply patches for Tyler's iasWorld product. The DBA Intern would also help support the iasWorld product and the support and implementation teams. This would include installing and configuring Oracle software used by the support and implementation staff.

**Software Support Intern, Spring 2016** - Tyler Technologies - Click [HERE](#) for job details or visit our [LinkedIn](#) page
As a Support Analyst Intern, you would work closely with Tyler Technology’s support group. The Support Analyst intern would help update our user-driven, online community and ensure timely resolution of client software issues through data analysis and functionality troubleshooting. This would be achieved by using multiple development tools, best practice communication, and team coordinated testing. This position represents an excellent opportunity for an individual to work with support staff and clients, while gaining expertise in analyzing technical issues.

**Inside Sales Account Executives** - R+L Carriers - Click [HERE](#) for job details or visit our [LinkedIn](#) page
R+L Carriers is actively seeking enthusiastic, highly motivated Inside Sales Account Executives at our Corporate Headquarters in Wilmington, Ohio to sell our industry leading transportation services. This is an outbound consultative telephone sales position in the transportation industry. The primary objective of this position is to prospect, qualify, solicit and manage assigned accounts to meet growth and profit goals for the territory and region. The goal is to seek new revenue opportunities for the respective division and company. The position will involve working in conjunction with the outside sales force. Larger revenue
opportunities identified through prospecting will be collaboratively shared by both inside and outside sales until secured and certain revenue thresholds are met. The Inside Sales Representative will position features and benefits of the various products and services R+L offers to purchasers of transportation. Apply in person: 600 Gillam Road, Wilmington, OH 45177, Call: (866) 200-1600 or send resume to: GBronner@RLCarriers.com.

**Internship** - Catalyst Paper - Visit our [LinkedIn](https://www.linkedin.com) page for details
Catalyst Paper is considering a one-year, 20/hours per week (mornings, flexible between 7am and noon) intern assignment to provide additional operational support for systems that integrate with SAP (e.g. Manufacturing Execution, Transportation Management, Integration Middleware). Please direct any questions regarding details to Paul Moorman, paul.moorman@catalystpaper.com. Apply to Paul Moorman as well.

**Student Research Program** - AFRL (Air Force Research Laboratory) - Click [HERE](https://www.linkedin.com) for details or visit our [LinkedIn](https://www.linkedin.com) page
AFRL is looking for a Jr/Sr or Grad student in either Computer Science, Computer Engineering or MIS who has experience in programming, web app development and database experience. Must be able to work at least 20 hrs per week.
