Foster Care

Leading cause- maltreatment

427,910 - in foster care, 111,820 - waiting to be adopted.

The average time a child spends in foster care is about a year.

Children aging out of the system are at risk of homelessness and unemployment.

Neglect at 75% and physical abuse at 17% are the most common forms of mistreatment.

NCANDS (National Child Abuse and Neglect Data System)

Federal Definition: “Any recent act or failure to act on the part of a parent or caretaker which results in death, serious physical or emotional harm, sexual abuse or exploitation; or an act or failure to act, which presents an imminent risk of serious harm.”

All 50 states have laws requiring them to report child abuse and neglect.
