B. President – Mr. Golding

2. The United Appeal goal at Wright State University was exceeded by 12+% (Goal $8,000/Subscription $9,000).

3. Reading by the faculty of the article titled "Debasement of Liberal Education" in the October 13 issue of the "Journal of Higher Education" was urged.

4. The three-county area (Miami, Darke, and Shelby) Community College bond issue is of interest to Wright State University. If passed, a joint use of space with Wright State University offering courses under the provisions of a Resident Credit Center will likely occur. Otherwise, the Chancellor has indicated support for a branch campus in that area.

5. The lower floor of the University Center expansion has been accepted from the contractor. The new Library building is proceeding well. VI. Old Business

1. The motion by Mr. Leavitt was taken from the table and is to replace the following sentence from the student publications regulations (page 32 of the 70-71 Student Handbook):

   "...The student Publications Subcommittee recommends the appointment or removal of an editor, managing editor, art editor, and business manager for each subsidized publication, approves the appointment of other key personnel, supervises the financial affairs, and establishes general policies for subsidized publications..."

be changed to read:

   "...The student Publications Subcommittee recommends the appointment or removal of an editor, supervises the financial affairs, and establishes general policies for subsidized publications..."

Discussion: This revision legalizes the practice. Under this proposal the Editor would review every staff member. The feeling was that there should be some control at all levels.

Mr. Paul moved to amend by inserting the following after the comma:

...editor, "approves the appointment or replacement of other key personnel as nominated by the Editor," supervises...
Ms. Krantz moved to table the motion and amendment until the next meeting to achieve clarification on certain points.

Motion to table passed.

3. Mr. Battino moved to have the Academic Council operate as a committee of the whole to discuss the relationship of the Academic Council to the Board of Trustees.

Motion passed.

Discussion: The support was lowered by the Board of Trustees for the previously approved Sabbatical Leave Policy without consulting with the faculty. After the explanation by the Provost of the time constraints and state political considerations which forced the Board of Trustees' action Mr. Battino recommended that the Steering Committee meet with the Academic Affairs Committee of the Board to seek an understanding of the relationship.

The Council ceased being a committee of the whole.

Mr. Klein moved to appoint the Steering Committee to seek ways and means of direct communication between the faculty and the Board of Trustees in matters of concern to the faculty.

Mr. Low moved to suspend the rules to permit action at this meeting.

Motion passed.
