## August 14, 2017 - From the President's Desk

You are about to take a very significant step in your life. A step that at times you might not have thought would be possible. You're going to college!

I'm sure you've dreamed about this moment for many years. Well, it is finally about to arrive. And as you have waited for this moment, I'm sure you've had a lot of questions on your mind about what awaits you at Wright State University.

- What professors are going to inspire me?
- What classes will I find the most challenging?
- Who will be my mentors and advisors?
- What research will I focus on?
- What kind of internships will I do?
- What community service projects will I choose?
- Where in the world will I study abroad?

You might also be thinking about how you will change and grow. When you leave Wright State, how will you change the world?

The answers to these questions are different for every student. And they should be. Our collective diversity of background, thought, and inspiration is our greatest strength and your greatest asset.

I will make you a promise. Wright State will begin helping you in the fall so you can do more in your lifetime than if you had not chosen to go to college at all. And it will be worth it. You have four amazing years waiting for you. We can't wait for you to arrive.

See you soon!
