Director, Public History Program
Wright State University
The printed versus online version of the guide

This instructional guide for Social Studies is highly dependent on utilization of the Internet. Although you have been provided with a printed copy we strongly recommend you also use the online version at:  
http://www.dps.k12.oh.us/academic/secsoc/americanhistory/teaching_01.htm  
Going on-line will allow you the ability to click and connect to the Web site lessons in the guide without typing them into your Web browser.

Frequently Asked Questions about use of the on-line guide:

- **How do I search the Instructional Guides and Lesson Plans?**
  
  Put your search term in the white box at the upper right hand corner of the screen and click GO.

- **I typed in a sentence in the search box and too many results returned.**
  
  Only type in key words for the most accurate searches.

- **When I click on a Unit, it does not open.**

- The files are in Adobe Acrobat format. Make sure you have that program on your computer.

  Contact the help desk 937-542-3184 if you experience problems with Adobe Acrobat.

- **How do I print documents in Adobe Format?**

  Click the print icon in the Adobe toolbar. Do not use the print function under Windows.

- **Is the pagination in the Instructional Guides book the same as the online Guides?**

  Yes.

- **What if the Web site indicated is no longer available or I get an error message or encounter issues or difficulties?**

  Call the help desk at Dayton Public Schools 937-542-3184.
The lesson planning and instruction process

1. Read the lesson and reflect on its significance to you and your students.

2. Review the standards, benchmarks and indicators that are addressed in the lesson for the grade level you teach so the objectives are clearly in your mind.

3. Review examples of formal assessments used in the past so that your work with students reflects future expectations of performance. Note: the questions may take different forms, and performance on multiple-choice questions alone is usually not sufficient to pass.

4. Check Interdisciplinary Connections activities to see if other subjects can be included in a team approach.

5. Design a lesson that makes use of the best resources and will motivate your students to attain the benchmarks and indicators.

6. Check Differentiated Learning to consider adaptations to the lesson.

7. Prepare informal assessments. Many times, these are included in the Web-based lesson.

8. Record any reflections you might have about future use of the same lesson.
How to Use This Guide

The guide sections

Unit 1: Geography

Lesson Title | Duration | Page
---|---|---
1. Introductory Lesson: Five Times Five: Activities for Teaching Geography's Five Themes | Flexible | 7
2. Where in the World - A Lesson in Latitude and Longitude | 1-2 Days | 9
