The Student Government, in an attempt to improve the communication system between the Student Body and its Student Government, planned to conduct a series of roundtable discussions with members of the Student Body. Personal invitations were sent to 150 students who were full-time and attended class during the day. Of the 150 invitations, ten students informed SBP Gary Hunt that they could not attend because of previous commitments. However, when the time for the meeting arrived only one student was there. The Student Government had planned to continue this series inviting about 150 people at a time hoping to gather valuable information about possible programs, needs of the Student Body, and complaints. In light of the turnout at the roundtable the Student Government will be attempting to find other ways to communicate. CHALK ANOTHER ONE UP TO EXPERIENCE!!

RICK MINOMYER has been appointed by the Student Body President to head up the department of student services within the Student Government. The department, part of a reorganization plan introduced by Gary Hunt, is aimed at providing a greatly expanded number of student services for the Student Body.
