Athlete Awarded
Guardian Trophy

The second annual athletic ban­
gquet was recently held at Fair­
mont Inn. Since the banquet was
billed as a "black tie" affair, no one
was surprised to see that the at­
tendance was quite sparse. The
banquet was held in honor of the
outstanding athletic perfor­
manaces of the athletic year.

Guardian Trophy

GUARDIAN SPORTS Editor, Bob Arnold, I, presents Jim
Thacker with the "GUARDIAN Outstanding Athlete in
Work" trophy. The Guardian Trophy is awarded to the
"Most Valuable Player on the Team" as determined by
the coaches.

Letters to the Editor

Bursting with Pride

To the Editor:

Don D. Bowers

Men's Basketball Team will play against the Dayton Flyers at the UD Arena on February 25. This is an exciting game for the team and all Wright State University students.

Nancy Agee

Commencement Corrections

To the Editor:

This note concerns an article appearing in the April 8 issue of "The GUARDIAN," and the article was written by Chris Kem. There are no real issues; given the opportunity of deciding the text in a yearly basis for the next ten years, and I look forward to seeing the names that were included in the previous years' articles.

The Athletic Council also had an award to present at this banquet. The Academic Award is awarded to the junior or senior student who has maintained the highest academic achievement. To be eligible to receive this award, the recipient must have a grade point average of at least two years on the variance level in intermediate collegiate athletics as a student or faculty member. The Academic Award, this year's award to Jim Slattery of the swimming team, Jim is a Scientific Science major and maintains a 3.0 cumulative average.

Card Playing Now Confined

In accordance with the recommendations of a student committee, the Dean of Students has announced a new policy concerning card playing in the cafeteria. A card lounge has been set aside in one section of the cafeteria, and a student committee has been formed to enforce card playing to this area. In order to accommodate as many cards as possible, a new policy has been set in place.

The recommendations were developed by the student committee in response to the complaints of students who have been unable to find places to eat in the cafeteria. The students were concerned that the cafeteria was overcrowded and that there was a lack of seating available.

Students Can Select Mascot

Wright State University is offering the opportunity of deciding what will be the three finalists in the mascot selection process. The voting for the mascot will occur during the spring quarter, and the final selections will be made by the students. The three finalists will be announced on April 20, and there are nine names up for consideration. At a later date, the final name for the mascot will be chosen from the three finalists.

The nine names that will appear on the ballot are chosen from a list of over 100 suggestions provided by the students. The voting will take place in the cafeteria, and the final selections will be announced on April 20. After a month of voting, the final three names will be chosen.

The names are: Knights, Eagles, Eagles, Bobcats, Bobcats, Bobcats, Bobcats, Bobcats, and Bobcats.

The top nine names are: Knights, Eagles, Eagles, Eagles, Eagles, Eagles, Eagles, Eagles, Eagles.

Thank you,
Andrew Sin, SPC

Teach-In Free

Panel discussions, speakers and special activities are the order of the day for the Wright State University observance of the April 22 Environmental Teach-in.

Faculty, administrators and students from the university will be guest speakers for the day. Students are encouraged to participate in the activities, which will take place from 10 a.m. to 2 p.m. at various locations on campus.

The entire program is free and open to the public.
ABC-No Credit Discussed

BY TONY TONONI

Editorial Staff Writer

A no-credit is a grading system currently under investigation at WSU. Open hearings were conducted April 7, 8 and 9 to allow students and faculty to express their opinions about such a system.

The first suggestion concerned giving credit for an A, B, C, or no credit for a D or F. This system, however, would have the option, under an A, B, C, or no-credit system, a student could be given a time limit of years in which he could earn a degree.

Also, a student could take a course appealing to him which is unrelated to his major, in such a course he would not be penalized for a D or F but would pick up extra credits for an A, B, or C. But this option might lead to the problem of too many students taking too many hours.

The overall main advantage of the system as discussed at the hearings is that students are given the chance to stay in a course without poor beginning grades scaring them into dropping the class.

The above opinions are being submitted to the Academic Council. Any future action on the council takes on the A, B, C, or no-credit system will be based on these suggestions.

EMPLOYMENT

STUDENTS - Male or Female

Part time positions now available in the promotional department of Richards Company Incorporated

Positions pay a starting wage of $2.00 per hour plus.

If you enjoy meeting and talking with the general public, can present yourself in a neat business like appearance, and are looking for a position that can become full time employment during the summer.

whatever, only $10.00
complete with tube
cord, the whole bit.

Does it hurt
to chill beer twice?

Not that you'd want to. Sometimes it just happens... like after a picnic, or when you bring home a couple of cold 6-paks and forget to put 'em in the refrigerator. Does re-chilling goof up the taste or flatten the flavor?

Relax. You don't have to worry.

A really good beer like Budweiser is just as good when you chill it twice. We're mighty glad about that. We'd hate to think of all our effort going down the drain just because the temperature has its ups and downs.

You can understand why when you consider all the extra trouble and extra expense that go into brewing Budweiser. For instance, Budweiser is the only beer in America that's Beechwood Aged. So... it's absolutely okay to chill beer twice. Enough said. (Of course, we have a lot more to say about Budweiser. But we'll keep it on ice for now.)

Budweiser is the King of Beers.

(But you know that.)
