I. The March meeting was called to order by Chairman Pro Tem Vice Provost Murray at 3:14 p.m. in Room 155 of the University Center.

Present:

Absent:

J. Castellano, G. Pacernick and J. Wright.

II. The minutes of the February 7, 1977, meeting were approved by voice vote. Mr. Murray introduced the two new student representatives to the Council. They are: Mike Lewis, Education and Tom Bruns, Science and Engineering.

III. Report of the President, Mr. Kegerreis reporting.

Mr. Kegerreis reported that the budgetary process was underway even though there is not a formally adopted appropriations bill from the legislature. The Ohio Board of Regents recommended a higher education budget in excess of 1.5 billion dollars for the coming biennium. The executive budget reduced that to 1.3 billion. There may be a loss of between 60 and 100 million dollars in the budget of the Governor's after it has gone through the Finance Committee. Mr. Kegerreis reported that the internal budgeting guidelines called for an approximate 5% increase in faculty salaries for the coming year. This 5% is merely a guideline. In the course of discussion, he indicated that it is extremely unlikely that the salaries could be higher than that, but, if the legislature got into the budget to any great significance, the 5% amount would also have to be decreased. He also pointed out that there are bills pending which would put a limit on tuition. The estimate now is that there would be a 5 to 10 dollar per quarter increase in fees.

IV. Report of the Steering Committee, Mr. Graham reporting.

Mr. Graham pointed out changes in the Parking Policy which are to be considered at today's meeting. The corrections are: 1/ The Chairer of the Committee will be the Executive Assistant to the President and Executive Vice President and Provost and Treasurer and 2/ in part 1 under the paragraph concerning responsibilities, establishment should be changed to recommendation.

Mr. Graham mentioned that Item B includes the first set of recommendations received on the revision of the Faculty Constitution and By-Laws. The Quadrennial Review Committee is still reviewing the Constitution. There will be additional amendments and recommendations from that Committee. Items that are to come to Steering Committee which will be discussed this week will include criteria for professor emeritus, early retirement procedure, and clarification of the outside employment regulations.
V. Reports of the Standing Committees:

A. Curriculum Committee, Mr. Neve reporting.

Mr. Neve reported that the Committee has completed the revision of course change forms and they will be available soon.

The Committee has made a report to the Quadrennial Review Committee regarding the changes in the constitution.

The course UH 101 was approved by the Committee to be included in the general education requirements.

Mr. Neve stated that one of the problems faced by the Curriculum Committee is that there are a number of different areas which are assigned to the Committee by the Constitution for which there are no operating procedures. The Committee will have to address the question of how procedures should be set-up in the the areas of general education requirements, degree and nondegree programs and program review.

B. Faculty Affairs Committee, Mr. Constable reporting.

Mr. Constable reported the the Committee has taken action on the conflict of interest policy, which deals with outside employment. The professor emeritus will be sent to the Steering Committee within the week; and also the Due Process Mechanism and Policy on Nonreappointment of Nontenured Faculty in Matters Concerning Academic Freedom and Late Notification is up for action today. The Committee will be asking for a suspension of the rules so that the language of the due process document may be updated.

The Committee is continuing to review administrative evaluation procedures for faculty leaves. The Committee has sent to the administration their concerns and those of a number of faculty concerning the summer class enrollment limitations which were established last year and the educational benefits for faculty members who retire at Wright State.

C. Library Committee, Mr. White reporting.

Ms. White reported that the Committee continued discussion of two items: faculty status for the librarians and the development of the Friends of the Library Committee. Ms. White also reported that a periodical browsing section is about to open in the future.

D. Student Affairs Committee, Mr. Sayer reporting.

Mr. Sayer reported that the Committee desires to deal with the proposed policies concerning parking at this time and the Committee will be asking for a suspension of the rules at the conclusion of old business.

E. Undergraduate Petitions Committee, no report.
