Chair's Message

as we go through it together!

Congratulations to our medical students in the residency match. All the DOS students did well in the match program (see below), and we have a great new group of incoming interns. I appreciate the time our faculty gave in counseling students in applications and career planning. I will be travelling April 19-May 10 out of the country. Dr. Dunn will be covering for me if questions arise. We are rapidly approaching the end of the academic year along with all its attendant changes. Best wishes

Recruitment

We are still recruiting for one acute care surgery position. We are also recruiting and interviewing minimally invasive and vascular surgeons.

If you know of an appropriate candidate, please let Kim Paul know.
