The anticipation is evident as Year-Four students await the announcement of their residency appointments on March 12.

And Now . . . The Envelopes, Please!

The long wait ended on March 12 when WSU's fourth-year medical students were notified of their residency appointments by Dr. J. Robert Suriano, Associate Dean for Student Affairs and Admissions.

Dean John R. Beljan expressed his pleasure that 21 (70%) of the 30 charter class members chose primary care residencies--fourteen in Family Practice, four in Pediatrics, and three in Internal Medicine.

Of the remaining nine students, two will train in Psychiatry, four in Surgery, one in Radiology, and two in flexible programs.

Most of the new physicians (22) will remain in Ohio to complete their residency programs. Following is a listing of the students and their residency matches.

FAMILY PRACTICE

Wright State University Affiliated Hospitals

Gary R. Biehl
Robert L. Brandt
William A. Elder

The Greening of the World of Medicine

The earliest historical records of Babylonia, Egypt, India, China, Greece, and Rome contain numerous references to healing plants and their use in health care. The twentieth century has seen a resurgence of interest in these herbal remedies, one of which is shown here.

The Fordham Health Sciences Library is now displaying illustrations of some of the most common plants currently accepted for their medicinal characteristics.

Origanum. Doften.

Oregano
(*origanum vulgare*, L.)

In folk medicine, Oregano leaves were chewed for toothache. The dried leaves, mixed with honey, were applied as a salve to bruises and contusions. Oregano tea was taken as a stomachic and for loss of appetite.

Voluntary Clinical Faculty

Carl D. Hyde, M.D. (Case Western Reserve University School of Medicine, 1952), Associate Clinical Professor, Department of Family Practice.

"Dr. Carl Hyde is a highly respected family physician in Yellow Springs where he practices in association with Dr. H.M. Berley and Dr. P.F. VanAusdal. Dr. Hyde has been an active participant and supporter of the School of Medicine since its inception.

"Not only has Dr. Hyde been a faithful and regular preceptor of selec-

tive and clerkship students, but he has been instrumental in the development and success of the new family medicine residency program based at Yellow Springs. As President of the Clark County Medical Society, Dr. Hyde served on the initial Planning and Feasibility Study Committee for the Residency Program. It was his unique ability to coordinate activities of the Springfield and Xenia communities which made the now successful residency a reality."

--John C. Gillen, M.D.
Professor and Chairman
Department of Family Practice

March 22: Some Enchanted Evening First Annual Student Medicine Ball

Final Reminder: Dr. Page to Address Academy of Medicine

Irvine H. Page, M.D., D.Sc., will present the Wright State University Academy of Medicine Distinguished Guest Lecture at the Dayton Art Institute on Wednesday, April 30.

Midwestern Medical Librarians Meet in Dayton to Discuss Technology's Impact on Technical Services

Two hundred librarians from hospitals and other medical institutions attended the Midwest Regional Group of the Medical Library Association Spring 1980 meeting at Stouffer's Dayton Plaza Hotel, April 10-12.

The conference, sponsored by the Miami Valley Association of Health Sciences Libraries, focused on the powerful impact that technology is having on services provided by medical librarians. Panel discussion topics included technical services today and in the year 2000.

Featured speaker was Alfred H. Brandon, library consultant, former librarian on the New York Academy of Medicine, and past president of the Medical Library Association. He is the originator of the "Brandon List" of recommended books and journals for medical libraries.

During the three-day meeting, participants were able to take advantage of several MLA-sponsored continuing education courses in the areas of "Government Documents," "Writing for Publication," "Neoplasia," and "Monograph Selection and Management."

Other program speakers included Michael Gorman, director of technical services at the University of Illinois; Lois Ann Colainni, president of the Medical Library Association; Lillian Kozuma of the National Library of Medicine; and James Rush of the Ohio College Library Center, Inc.

Dayton Daily News editorial cartoonist Mike Peters spoke during the Friday evening banquet.

The sponsor of this year's meeting was the Miami Valley Association of Health Science Libraries, an organization of health and related libraries in West-Central Ohio. Association members who organized this meeting included libraries of Wright State-affiliated institutions and the staff of the Wright State University Health Sciences Library.

Taking Their Responsibilities Seriously . . .

Hospital Trustees Attend WSU Colloquium

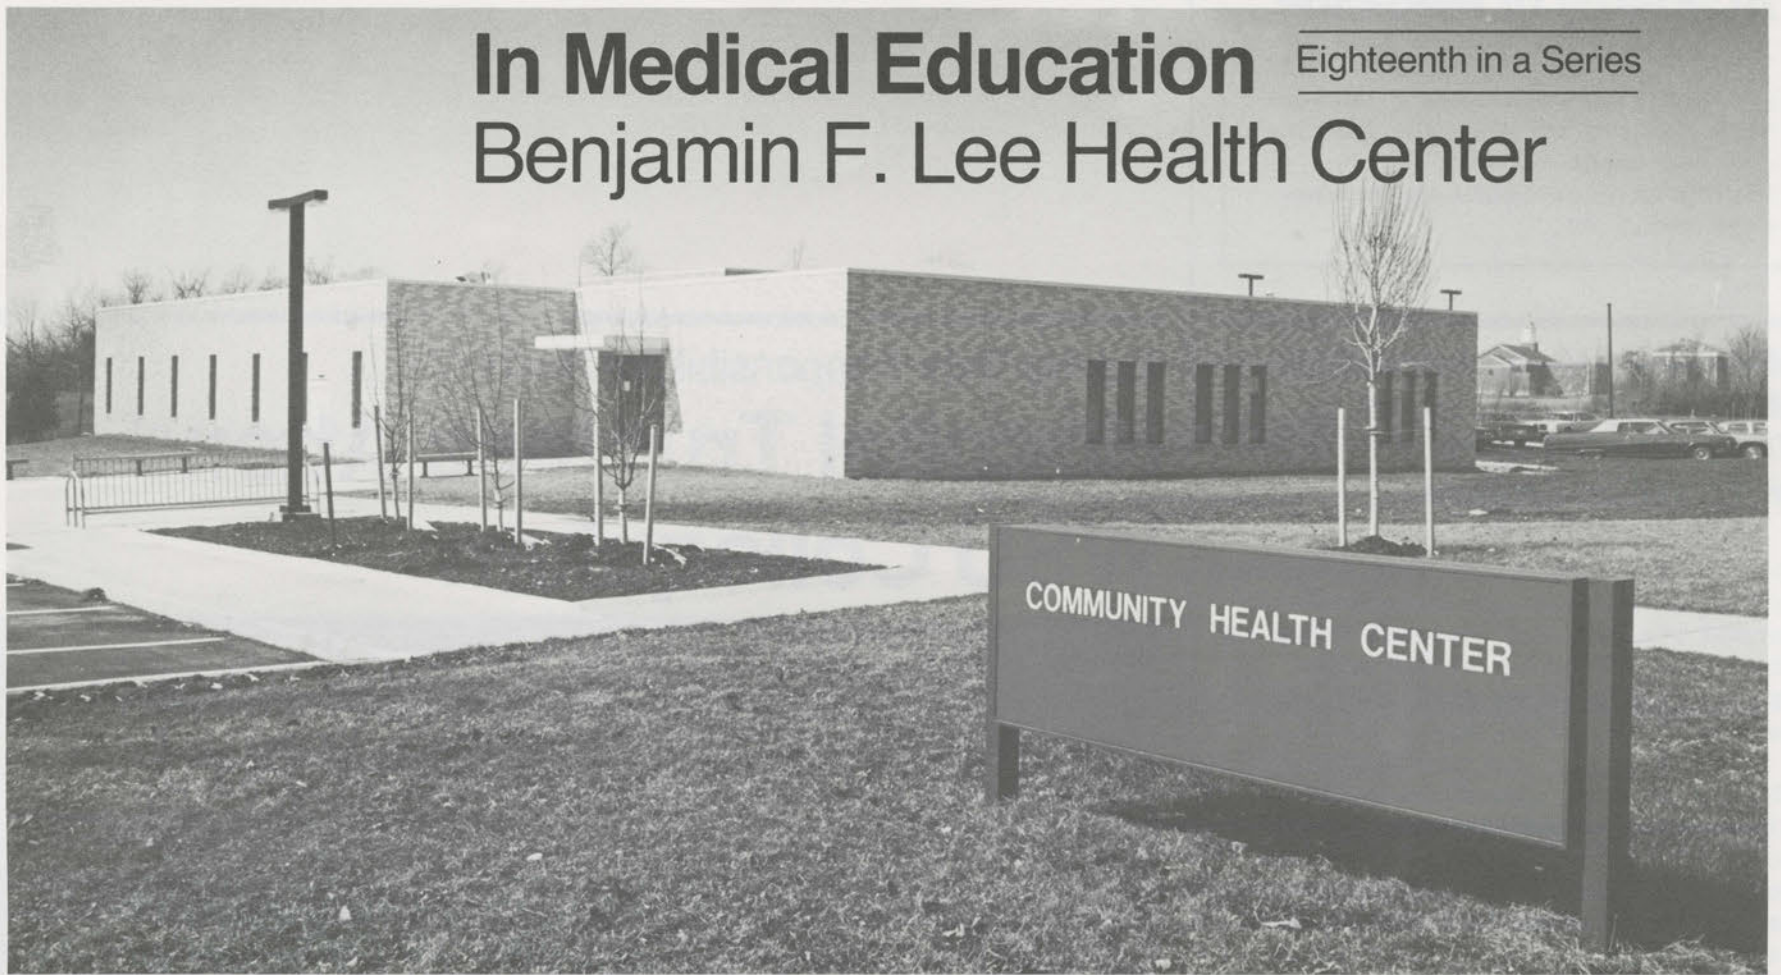

Some 100 trustees representing 22 Dayton-area hospitals participated in the March 12 Hospital Trustee Colloquium at Wright State. The Colloquium featured presentations by experts in the areas of capital financing, hospital rate setting, cost containment, and legislative activity. The session--the first in a planned series--was sponsored by the Ohio Hospital Association, the Greater Dayton Area Hospital Association, and the School of Medicine. Below, Dr. Beljan makes a few introductory comments.

Our Partners . . .

In Medical Education Eighteenth in a Series Benjamin F. Lee Health Center

"The cooperative linkages between the WSU School of Medicine and the Benjamin F. Lee Health Center are viewed as a positive and upward thrust for improving the quality of health care for all residents of Ohio as well as those individuals in our direct service area,

Greene County.

"Through B.F. Lee's involvement in selectives and preceptor training, the total role and commitment factors involving tomorrow's medical providers are stressed. Students are made aware of the administrative, fiscal, and

personnel management responsibilities, along with the management of direct medical services programs."

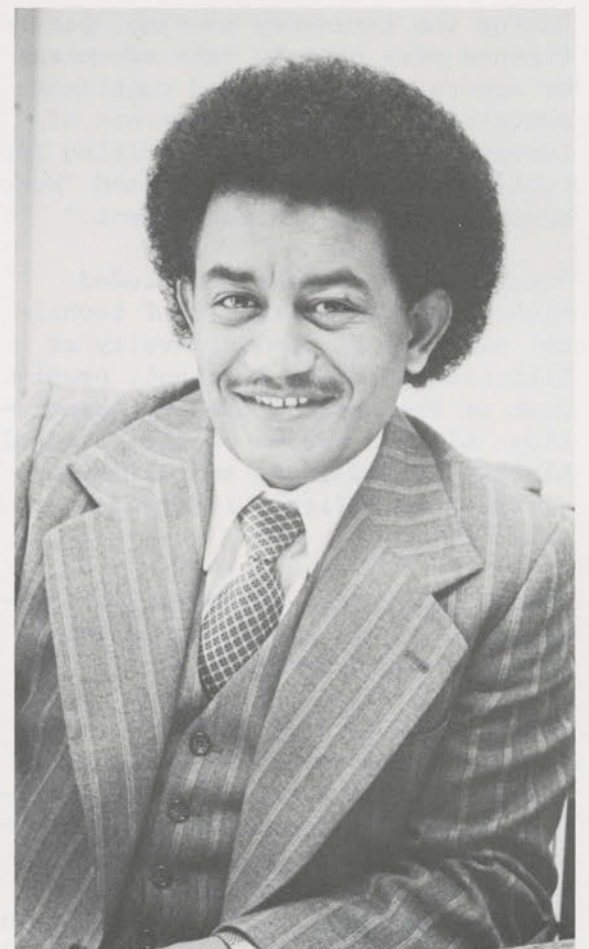

--Ms. Willie Harding
Administrator

Ms. Harding.

Mr. Luther Lyle serves as Chairman of the Board for the Center.

Mr. George Yarga is the Center's Director of Fiscal Services.

Mrs. Loraine Glenn is the Health Educator at the B.F. Lee Center.

Vernon Reeves, D.D.S., provides dental service for the Center.

Mrs. Lorene Simms serves as Nursing Director.

Mrs. Wilhelmina Brown is in charge of the Center's Lab and X-ray areas.

The Medical Director at Benjamin F. Lee is Morris Brown, M.D.

Mrs. Anita Kicklighter is the Center's Assistant Nursing Director and Formulary Nurse.

Shown above is the reception and waiting area at the Benjamin F. Lee Health Center.

First Research Fellow Named at Hipple Laboratory

Mie, Japan, who received his medical degree from Wakayama Medical College in 1973. He will serve for two years.

For the past seven years, Dr. Kohsaki has served as a Clinical Fellow and as an Assistant Professor at Hyogo College of Medicine. He is a member of the Japanese Society of Internal Medicine, the Japanese Society of Clinical Hematology, and other professional organizations.

The Bob Hipple Laboratory is a part of the Wright State University School of Medicine and is under the direction of Dr. Martin J. Murphy, Jr. It is located at the School of Medicine Cox Heart Institute.

A Japanese physician and scientist has been named as the first Research Fellow at the Bob Hipple Laboratory for Cancer Research. He's Dr. Masatoshi Kohsaki, a native of

On the Rise Campus Center for Ambulatory Care

A moderate Ohio winter has contributed to the rapid pace of construction on the Frederick A. White Center for Ambulatory Care on the WSU campus. The facility is expected to open in early 1981.

Physical and Psychological Aspects of Short Stature

For the Record

ANESTHESIOLOGY

...ANDREW FORBAT, M.D., Associate Professor and Vice-Chairman, attended the Pediatric Anesthesiology Conference, Los Angeles, Jan. 24-25.

BIOLOGICAL CHEMISTRY

...EUGENE P. HERN, Ph.D., Fels Research Assistant, and PARTAB T. VARANDANI, Ph.D., Fels Professor, "Turnover of Hepatic Glutathione-Insulin Transhydrogenase (Disulfide Interchange Enzyme) in Normal and Diabetic Rats Utilizing a New Simplified Isolation Procedure," The Journal of Biological Chemistry (January 1980).

COMMUNITY MEDICINE

...JOSEPH D. ALTER, M.D., Professor and Chairman, and STANLEY R. MOHLER, M.D., Professor and Vice-Chairman, "Preventive Medicine Aspects and Health Promotion Programs for Flight Attendants," Aviation, Space, and Environmental Medicine (February 1980)...Dr. Mohler received the

Flight Safety Foundation's Certificate of Appreciation at the 25th Corporate Aviation Safety Seminar for his exceptional contributions to the physical and mental well-being of personnel involved in aviation, St. Louis, March 24.

FAMILY PRACTICE

...JOHN R. RUDISILL, Ph.D., Assistant Professor, participated in a forum discussion on the "Mental Health Team" presented to the Psi Chi and Social Work Clubs, University of Dayton, Feb. 26...Dr. Rudisill and WILLIAM T. MERKEL, Ph.D., Assistant Professor, presented "Difficult Patient" to the staff of Eastway Community Mental Health Center, Dayton, Feb. 29.

...GORDON S. WALBROEHL, M.D., Assistant Professor, attended the 1980 Annual Workshop for Family Practice Education in Medical Schools, Kansas City, Mo., Feb. 10-13.

MEDICINE

...BARRETT H. BOLTON, M.D., Clinical Professor, and A. ROBERT DAVIES, M.D., Associate Professor and Chairman, served as co-directors for the MKSAP V Review Course, sponsored by the Department of Medicine, Dayton, Feb. 29-March 1. The following departmental faculty members served as faculty for the course: PAUL W. GRUNENWALD, M.D., Associate Clinical Professor; BENJAMIN SCHUSTER, M.D., Clinical Professor; C. DAVID JOFFE, M.D., Assistant Clinical Professor; H. ALLAN FELLER, M.D., Associate Clinical Professor; HASSAN MEHBOD, M.D., Associate Clinical Professor; ROBERT T. WITTY, M.D., Ph.D., Assistant Clinical Professor; JAE C. CHANG, M.D., Associate Clinical Professor; BASEL YANES, M.D., Assistant Clinical Professor; MICHAEL W. CRAIG, M.D., Associate Clinical Professor; CHARLES B. PAYNE, JR., M.D., Associate Professor.

...SATYENDRA C. GUPTA, M.D., Associate Clinical Professor (and Chief, EKG and Noninvasive Cardiovascular Laboratories, VA Medical Center), and AGARAM SURYAPRASAD, M.D., Associate Clinical Professor (and Chief, Cardiology Section, VA Medical Center), "Left Ventricular Pseudoaneu-

rysm of Uncertain Etiology," Vascular Surgery (November-December 1979)..."Mechanical Hemolytic Anemia After Repair of Ruptured Chordae Tendineae of Mitral Valve Apparatus," Angiology (November 1979).

...The following faculty members recently completed their subspecialty board examinations: MAJ. HARRY R. GIBBS, M.D., Assistant Clinical Professor, Cardiology Boards; MAJ. GILBERT A. HOLT, M.D., Assistant Clinical Professor, Allergy/Immunology Boards; LT. COL. MICHAEL SZPAK, M.D., Assistant Clinical Professor, Gastroenterology Boards; MAJ. STEPHEN D. MCDONALD, M.D., Assistant Clinical Professor, and MAJ. JAMES M. JACOBSON, M.D., Assistant Clinical Professor, Endocrinology Boards; CAPT. JOHN E. YERG II, M.D., Clinical Instructor, the American Board of Internal Medicine.

...The following faculty members participated in noon conferences at Piqua Memorial Hospital: R. SIVAPRASAD, M.D., Associate Professor, Feb. 19; FRED C. BROWN, M.D., Assistant Clinical Professor, March 18; DAVID C. WESTBROCK, M.D., Assistant Clinical Professor, April 15.

OPHTHALMOLOGY

...JOHN D. BULLOCK, M.D., Assistant Clinical Professor, presented "Mastication Proptosis--An Unusual Clinical Sign," "Marcus Gunn Jaw-Winking Ptosis: Classification and Surgical Management," and "Rhomboidal Flaps in Ophthalmic Plastic Surgery" to the Second International Oculoplastic Society Congress, Dorado Beach, Puerto Rico, Feb. 19-22.

OTOLARYNGOLOGY

...ROBERT G. GLASER, Ph.D., Assistant Clinical Professor, conducted a course in Advanced Electronystagmography, Orlando, Fla., Jan. 19-20 ...He also presented "Clinical Hearing Evaluation" to the Miami Valley Physician Assistant Association, Dayton, Feb. 12.

PEDIATRICS
