Present: Susan Carrafiello, Candace Cherrington, Krystal Karshner, Nathan Klingbeil, Charles Larkowski, Carol Loranger, Joe Law, Jerry Clark (for KT Mechina), Mindy McNutt, Bobbie Pohlman, Tom Sav, Carol Wagner-Williams. Guests: Joyce Hail (Registrar's Office), Drew Pringle, Steve Frederick, Marietta Langlois.

Approved Minutes of January 11, 2006.

UCAPC Subcommittee Reports

Writing Across the Curriculum Committee (WAC) -- Joe Law, Chair, reported that the committee continues with the process of developing a means of recognizing faculty excellence in teaching writing intensive courses and excellence in student work in writing intensive courses.

University General Education Committee (UGEC) -- Susan Carrafiello, Chair, reported on the committee activities and actions taken per the the following minutes:

UGEC Minutes, November 10, 2005
UGEC Minutes, February 3, 2006

Undergraduate Academic Program Review Committee (UAPRC) -- Rudy Fichtenbaum, Chair, reported that he has received the program review documentation from the CONH and will forward that to the UAPRC committee members in preparation for a forthcoming meeting.

Course Inventory and Modification Requests

CEHS

Approved Inventories: HPR 201, HPR 202, HPR 203, HED 231, HED 332, HED 334, HED 335**, HED 385*, HPR 245*, HPR 345*, HPR 445*, HPR 385*, VOE 413, VOE 414, VOE 415, VOE 416

Approved Modifications: HED 382*, HED 431, HPR 211, HPR 241, HPR 381*, HPR 410, HPR 460, HPR 481, EDE 221, EDE 223, EDE 225, EDE 227, EDE 321, EDE 323, EDE 419

* The committee made changes to the "Course Title for Student Record".

** The committee approved the "Health Communications" course proposal subject to review and approval by the COLA Department of Communications. Following the meeting, the proposal was submitted to the Department of Communications and subsequently the UCAPC chair received approval from that department. Thus, approved.

Program Changes

CEHS

Approved

B.S. Health Education and Physical Education Licensure
COLA
Approved

**B.A. Social Science Education**

LC
Approved

B.S. Early Childhood Education
B.S. Organizational Leadership

The Provost's Office forwarded a proposal from the CEHS to submit to the Ohio Board of Regents (OBR) a request to make permanent each of these programs offered at LC. Previously, each program was approved by OBR as submitted by WSU and approved through the Faculty Senate curriculum process as a temporary program. The committee decided that, given the prior approval by UCAPC and the Faculty Senate, the proposals stand approved and that the Provost's Office can proceed to submit them to the OBR. Even though temporary programs are approved through the curriculum process, the Provost's Office should continue to submit to UCAPC proposals to make such programs permanent via OBR. In this way the Faculty Senate can be apprised of such curriculum changes.

### Academic Policies

**Course Scheduling Use of Variable Titles or "Topics" in Non Approved Variable Topic Courses**

It was brought to the attention of the committee that the Registrar's Office receives quarterly course schedules from departments, colleges, and units that contain course titles or topics that differ from the course title or topic that exists and was approved in the course inventory. While this is permissible for those courses that are "variable title courses", it is not permissible for non variable title courses in the inventory. Upon receipt of such requests, the Registrar's Office attempts to inform departments, etc. of the problem that needs to be corrected. However, to better manage the process, the committee suggests that each department, college, and unit responsible for submitting quarterly course schedules make a request to the Registrar's Office for the full inventory of courses that have approved title or topic variations. It is also possible to obtain this inventory information on-line.

**Approved**

**Procedure for Implementation of Registration and Add Policy and Attendance and Drop Policy**

The "Registration and Add Policy and Attendance and Drop Policy" approved by the Faculty Senate February 15, 2000 and the Board of trustees April 7, 2000 requires that implementation of all course proposals for enrollment management purposes and designated as "Instructor Permission Required after Term Begins" be submitted for approval through the university curriculum process. UCAPC has received information that this implementation procedure has inhibited the ability of departments and units scheduling classes to accommodate student demands and manage enrollments to the point where the 2000 implementation procedure makes it nearly impossible and ineffective to succeed in that objective. To correct this failure, the following change in the implementation procedure puts enrollment management decisions under this policy squarely in the hands of those better positioned to manage such, viz., departments and units responsible for putting students in classes in order to improve timely graduation.

### Procedure for Registration and Add Policy and Attendance and Drop Policy

**Approved**

**Transfer of "D" Grades to WSU**

The new Ohio Board of Regents (OBR) policy states that beginning Fall 2005 receiving institutions should accept and apply all transfer coursework with a letter grade of "D" as it would for a native student. The policy applies to transfers from "public institutions" and applies to transfer as of Fall 2005. The WSU policy approved by UCAPC expands the transfers to all institutions (hence, including "private institutions") and additionally makes the policy retroactive to all transfers to
WSU prior to Fall 2005. On the latter, the WSU policy requires that students make official requests to the Registrar's Office for the acceptance of "D" transfers. It is important to note under the policy, if an institution or college or program requires coursework of "C" or better, then transfer students with letter grades of "D" must repeat such courses to meet those requirements. From an administrative perspective there will not be any monetary reimbursement from WSU to students under this policy. The policy is as follows:

**Transfer of "D" Grades to WSU Policy**

On-line Undergraduate Catalog Changes

The issue brought to UCAPC is that while the Undergraduate Catalog is now printed every two years, the online catalog can be updated on a variety of schedules such as every two years, yearly, quarterly, etc. Thus, how often should the online Catalog be updated? UCAPC recommends that, per our university curriculum and Faculty Senate processes, upon approval of any and all curriculum changes approved by the Faculty Senate the online catalog changes should be implemented. The exception, of course, are curriculum changes that must also receive approval by the Board of Trustees (e.g., new degree program proposals) and/or OBR. Once approved by the at those levels, the changes should be implemented online. Yet, there exists a problem as WSU moves to substitute the online Catalog for the printed Catalog. On this front, UCAPC recommends that the WSU administration create and manage a central online website location where (1) all degree programs requirements are housed and that all departmental and college websites providing degree program requirements link to that central site, (2) all approved changes in degree program requirements be instantaneously updated and incorporated at this central site, and (3) the same site for all degree programs provide an archive of all previous degree program requirements so that students, faculty, advisors, degree auditors, etc, have online access to any year degree requirements for students who contractually entered a program in the year or term admitted to the program.

**Adjourned:** Next meeting March 8. Winter Quarter Meetings and other Schedules as follows:

**UCAPC HOME**
University General Education Committee Meeting, November 10, 2005, 10:00 a.m.

Present: Rich Bullock (CoLA), Candy Cherrington (CoNH), David Reynolds (CECS), Lillie Howard (Provost’s office), Joe Law (WAC), Mary Kenton (Honors), Susan Carrafiello (CoLA, Chair)

1. The modifications to the Area VI Assessment plan were approved.

2. The committee reviewed the data from the Student Learning Outcomes surveys. Joe Law agreed to revise the tables/charts so as to offer overall area means and overall number of students responding to the survey. The Chair will then send these revised charts/tables to the GE area assessment coordinators.

3. GE globalization was discussed. After some discussion, the committee agreed that globalization is an appropriate GE goal but that it would be challenging to implement. Some suggestion was made to combine civic engagement with globalization. The committee agreed to continue to look at this issue.

4. Ohio Transfer Module guidelines. Joe Law requested additional comments from UGEC. Please send them to him by November 18.

5. The AP/GE transfer policy was raised. The chair will ask Jeanne Fraker to bring additional information to the next meeting so that UGEC can decide if a policy needs to be formulated.

6. The meeting adjourned at 11:00 a.m.
Minutes of University General Education Committee  
February 3, 2006

Present: Susan Carrafiello, Carole Endres, Lillie Howard, Dan Ketcha, David Reynolds, Will Mosier,  
Candace Cherrington, Mindy Diesslin, Jeanne Fraker, Mary Kenton, and Joe Law

Chair Susan Carrafiello called the meeting to order at 2:00 in 248 University Hall. The minutes of the  
November 10 meeting were approved as submitted.

The course modification request for CHM 121, 122, 123 was returned for further clarification on the  
following points:
1. What is it in Banner that requires changing the sequence?
2. Does the recitation still exist, and, if so, is it coupled with the lecture or the lab?
3. What happens if a student fails only one component of the course? Does the entire course have  
to be repeated or just the failed component?
4. Are there structural or content changes to the course that might be related to the title change?

Joe Law pointed out that eventually this change will have to be submitted for approval for the Ohio Transfer  
Module, since it is a GE substitution.

The Area I Assessment Report was received and briefly discussed. It will be reviewed more thoroughly at  
the 2/17 meeting. Chris Hall will be invited to help explain the report.

Jeanne Fraker and Mary Kenton will craft a proposal on an official policy for granting Advanced Placement  
credit at Wright State University for presentation at the 2/17 meeting.

It was concluded that no further comment was required for a faculty member who had questioned one of  
GE objectives. Another question was raised about diversity in GE. It was pointed out that the master  
syllabi for all GE courses contain a statement about how each course addresses diversity. Yet another  
faculty member wondered whether the Student Learning Outcomes survey data violated the faculty contract.  
The answer from both AAUP and the administration is “no.”

The initial search for a part-time General Education Coordinator did not yield a satisfactory pool of  
candidates. The position has been redefined as a full-time tenured faculty line. A national search will be  
conducted.

Theatre 131 had been submitted for approval for the Ohio Transfer Module.

Before adjournment at 3:00 the members agreed to meet from 3 to 4 on Friday, February 17.

TO: UCAPC

FROM: Carol Engelhardt
   Director, Social Science Education Program

RE: Request for Changes in Requirements for B.A. in Social Science Education

In response to changes made by the History and Sociology departments and recently approved by the Faculty Senate, I request that the following changes be made to the requirements for the B.A. in Social Science Education:

1) HST 211 and HST 212 have been raised from 3 to 4 credit hours. To reflect this change, SSE majors will now be required to take a total of 8 credit hours for these classes.

2) SOC 201 has been raised from 3 to 4 credit hours. To reflect this change, SSE majors will now be required to take a total of 8 hours in Sociology courses.

3) In recognition of these changes, the total number of credit hours for major content courses must be raised from 97 to 100.

4) Finally, the number of electives will be reduced from 3 to 0.

These changes are summarized in the attached table.

Notes:
Procedure for Implementation of Registration and Add Policy and Attendance and Drop Policy

Enrollment Restriction Option Under Registration/Add Policy and Attendance/Drop Policy

Under the Registration and Add Policy and Attendance and Drop Policy it is possible to designate courses as “Instructor Permission Required after Term Begins.” The enrollment restriction enables faculty, departments, and colleges to improve enrollment management through the following specifics of the policies:

Registration and Add Policy

For courses designated "Instructor Permission Required after Term Begins," students may register or add until the first day of the term, after which they need to obtain the instructor's permission.

Attendance and Drop Policy

For courses designated "Instructor Permission Required after Term Begins," students may be dropped from the course for being absent from the first two class meetings (for courses meeting more than once a week) or from the first class (for courses meeting only once a week). When this policy is utilized any student missing the designated class(es) may be dropped from the specific class section. The instructor must notify the Registrar's Office promptly for the students to be removed from the roll.

Procedure for Implementation of “Instructor Permission Required after Term Begins”

Beginning Fall Quarter 2006, enrollment management using "Instructor Permission Required after Term Begins" is to be implemented by designating such courses in the process of submitting quarterly schedules of class offerings to the Registrar's Office. Departments and units responsible for scheduling class offerings are also responsible for establishing specific implementation policies and procedures for use of “Instructor Permission Required after Term Begins.”

This Procedure for Implementation supersedes the 2000 procedure and, therefore, does not require that such course designations be submitted for approval through the University Curriculum and Academic Policy Committee (UCAPC) and Faculty Senate processes.

Use of the Drop Policy in High Demand Courses

In those cases where the use of “Instructor Permission Required after Term Begins” is approved to accommodate student enrollment in high demand course offerings relative to other course offerings, it is expected that the instructor will replace dropped students with students wishing to add through departmental or college waiting lists and the normal course add process.

Use of the Drop Policy to Accommodate Other Curriculum Needs and Unanticipated Changes
As specified in the Attendance and Drop Policy, “For courses designated as Instructor Permission Required after Term Begins, students may be dropped from the course for being absent … ” but it is not required that students be dropped by the instructor.

Approved: Undergraduate Curriculum and Policy Committee, February 8, 2006. 
Approved: Faculty Senate, XXX.
January 27, 2006

To: Tom Sav, Chair, University Curriculum and Academic Policy Committee
   Deans Bernhardt, Curry-Jackson, Farmer, Howard, Jang, Martin, Part,
   Rudisill, and Wheatly
   Joyce Hail, Interim University Registrar

From: Joe Law, Assistant Vice President for Articulation and Transfer

Subject: Transfer of D Grade

On August 12, 2005, Paula Compton, Director, Articulation and Transfer, Ohio Board of Regents, notified campuses of changes that have taken place in Ohio’s Articulation and Transfer Policy, including a significant change to the policy for the transfer of the grade of D. Several memos followed, answering questions raised by the initial one. A copy of the latest is attached.

Now that those questions have been resolved, I submit for UCAPC approval the following changes to bring Wright State University into compliance with the new OBR policy regarding the transfer of the D grade.

This policy states that, beginning with courses taken fall 2005, receiving institutions “should now accept and apply all transfer coursework with a letter grade of ‘D’ as it would for a native student under the business rules and academic policies of said receiving institution. These rules and policies may include, but are not limited to, such areas as effective course dates, age of coursework, requirements of a particular major or program, and eligibility.” Subsequent clarification indicates that there is no universal minimum grade or quality points for the acceptance of credit and thresholds for this are set by institutional grading policy at the D or D- level.

The current WSU policy statement of Transfer Credit Regulations appears on pages 35 and 195 of the 2005-07 catalog (and online):

2. Students must have earned a grade of “C” or higher (according to the definition of grades currently used at Wright State). Grades of “pass” and “credit” are considered for transfer credit. In compliance with the Ohio Transfer and Articulation Policy, grades of “D” will be posted for students who have earned an Associate of Arts or Associate of Science degree from an Ohio public institution.
To bring Wright State University into compliance with the new OBR Transfer Policy, the statement should be amended as follows:

2. Transfer students are subject to all Wright State requirements, including minimum course grades and GPAs, for entrance to particular majors and programs. Transfer students who must repeat courses to meet these requirements will follow the same rules for repeating courses as students who begin at Wright State (see “Scholastic Policies” in this catalog). Grades of “pass” and “credit” are considered for transfer credit.

In compliance with the Ohio Transfer and Articulation Policy, credit for all grades of D and higher in college-level classes will be posted for students who have earned an Associate of Arts or Associate of Science degree from an Ohio public institution.

Ohio Transfer and Articulation Policy was revised effective Fall 2005 for grades in courses completed outside an Associate of Arts or Associate of Science degree. As of Fall 2005 and thereafter, a student must have earned a course grade of D or higher (according to the definition of grades currently used at Wright State) to transfer credit for that course. Previous policy required that a student earn a grade of C or higher to transfer credit for the course. However, students who completed courses before Fall 2005 with a grade of D may request that credits be posted for those courses. Forms for submitting these requests are available in the Office of the Registrar.

A second reference to the policy appears on page 36 of the 2005-07 catalog (and online):

Conditions for Transfer Admission
Students meeting the requirements of the Transfer Module are subject to the following conditions:

1. The [Ohio Board of Regents] policy encourages receiving institutions to give preferential consideration for admission to students who complete the Transfer Module and either the Associate of Arts or Associate of Science degrees. These students will be able to transfer all college-level courses in which they received a passing grade of D or better. Students must have an overall GPA of 2.0 to be given credit for the Transfer Module.

2. The policy also encourages receiving institutions to give preferential consideration for admission to students who complete the Transfer Module with a grade of C or better in each course and 90 quarter hours or 60 semester hours. Students must have an overall GPA of
2.0 to be given credit for the Transfer Module, and only courses in which a C or better has been earned will transfer.

3. The policy encourages receiving institutions to admit on a nonpreferential consideration basis students who complete the Transfer Module with a grade of C or better in each course and less than 90 quarter hours or 60 semester hours. These students will be able to transfer all courses in which they received a grade of C or better.

To bring Wright State University into compliance with the new OBR Transfer Policy, the statement should be amended as follows:

1. The policy encourages receiving institutions to give preferential consideration for admission to students who complete the Transfer Module and either the Associate of Arts or Associate of Science degrees. These students will be able to transfer credit for all college-level courses in which they received a passing grade of D or better.

2. The policy also encourages receiving institutions to give preferential consideration for admission to students who complete the Transfer Module with 90 quarter hours or 60 semester hours. To receive transfer credit for a course completed Fall 2005 and thereafter, a student must have earned a course grade of D or higher (according to the definition of grades currently used at Wright State). Previous Ohio Transfer and Articulation Policy required that a student earn a grade of C or higher to transfer credit for the course. Students who completed courses before Fall 2005 with a grade of D may request that credits be posted for those courses. Forms for submitting these requests are available in the Office of the Registrar.

3. The policy encourages receiving institutions to admit on a nonpreferential consideration basis students who complete the Transfer Module and fewer than 90 quarter hours or 60 semester hours. To receive transfer credit for a course completed Fall 2005 and thereafter, a student must have earned a course grade of D or higher. Previous Ohio Transfer and Articulation Policy required that a student earn a grade of C or higher to transfer credit for the course. Students who completed courses before Fall 2005 with a grade of D may request that credits be posted for those courses. Forms for submitting these requests are available in the Office of the Registrar.

Please let me know if I may provide any additional information concerning this change of policy.

Enclosure: Memo from Oversight Committee of the Articulation and Transfer Advisory Council, Ohio Board of Regents
