Chair's Message

"Education is not the filling of a pail but the lighting of a fire."
— William Butler Yeats

Providing the spark is our job.

Recruitment

We are recruiting for acute care surgeons at the Assistant, Associate or Full Professor levels. If you know of good candidates, please contact Dr. Peter Ekeh.

Residents

Surgery Resident Program - ACS Clinical Congress

Monday, October 23, 2017, the residents are invited to participate in a special program at the Clinical Congress of the American College of Surgeons designed especially for residents at all levels. The course is scheduled for Monday, October 23, from 10:00 a.m. to 4:00 p.m. This course will discuss the essential nonclinical issues faced during residency as you transition to your post-training career. Registration deadline is Friday, October 20, 2017. You must first register for the Clinical Congress, and then the Surgery Resident Program. There is no charge for the Surgery Resident Program for ACS members if you register in advance. For more information, please see the program brochure: <http://bit.do/srp2017>. Additional details at: <https://www.facs.org/clincon2017/events/special/surgery-resident>.

Doc-Olympics

The Department of Surgery's second annual Surgical Olympics was recently held in the Brethen Center for Surgical Advancement on August 9, 2017. General surgery residents participated in a friendly team-based competition to test their surgical dexterity, skill, and speed. With a chief resident leading each team, eight teams participated in a number of events that assessed both open and laparoscopic skills. Dr. Anthony Chan led 'Team Chan' to victory, taking gold medal honors while 'Team Droz' and 'Team Abtahi' earned silver and bronze, respectively. Thank you to Drs. Woods, Tuttle, Roelle, and Ouellette for assisting with the event.

(L-R) Tony Pinette, Anthony Chan, Kyle Harris, Mirnal Chaudhary, Michael Lee

Students

Marisa Smith, MSIII, presents her work on “Unplanned removal of invasive devices in trauma patients: Identifying risk factors and opportunities for prevention.” (Faculty advisor: Mary McCarthy, M.D.)

Wellness

The Happy M.D.

Here’s a quick question with the power to change everything:
How Satisfied Are You with the Balance in Your Life — on a scale from 1 – 10?

Just how much does seeing patients, sitting in meetings, completing your charts, answering texts and emails — and clicking and clicking — dominate your waking hours in any given week?

When was your last quality date night or vacation?

- When was the last time you turned your phone off or didn’t check your email for the whole weekend, took a nap, or read a book for pleasure?
- How is your Bucket List going? Making any progress?
- What would your spouse or significant other say if we asked their level of satisfaction with the balance between your work and your family? Would it be a higher or lower number than yours?
- What would your children say if we asked them?

How does your Level of Balance FEEL?
