III. Report of the President, Paige Mulhollan reporting.

A. Annual Presidents' Meeting. Last week, in Baltimore, P. Mulhollan attended the annual meeting of presidents of institutions which belong to the American Association of State Colleges and Universities. Although most of the time was spent in discussion of the new national administration, the theme of the meeting, "Access and Opportunity," was relative to Wright State University and to all other higher education institutions. It is no longer the case that higher education institutions generally are treating the subject of access with a cavalier attitude. They are finally beginning to realize that it is not the freewill offering of a well intentioned bystander, but the critical need of our country to find a way to bring into the higher education system a large number of students, principally minorities but from other disadvantaged areas as well, if we are to going to remain a competitive economy in the next ten years.

B. WSU Commencement. President Mulhollan encouraged a good faculty representation at the December 3 commencement service.

C. Announcement by C. Hathaway: Open hearings on the new Ohio Open Access Library System will be held in Cincinnati on December 8 and in Columbus on December 9. Mr. Hathaway felt it important that a delegate from the University Library Committee attend.
