CS 340 Programming Language Workshop in C# (1 Credit)

- Instructor: T. K. Prasad
- Phone No.: (937)-775-5109
- Email: t.k.prasad@wright.edu
- Home Page: http://knoesis.wright.edu=tkprasad
- Quarter: Winter 2012

- Office Hrs: TTh, 3-4pm 395 Joshi Research Center (or by appointment)
- One and Only Class: Jan 5, Thursday, 3pm-3:30pm, 399JC

Course Description

This course is designed as a self-study in C#. You are expected to learn the language and solve a set of programming problems assigned to you using MS Visual Studio .NET. There are no exams. We officially meet only once in the quarter. However, I will be available in the posted office hours for clarifications and discussions about the programming problems.

Prerequisite

- Experience with programming in C++/Java.

Course Text

OR

http://www.cs.wright.edu/~tkprasad/courses/cs340.html

OR

---

**Grading**

Each programming assignment will be graded as *Pass/Unsatisfactory*, and the letter grade 'P' or 'U' will be assigned at the end of the course.

---

**Course Policies**

1. All work must be turned-in before **March 8, 2012**.
2. Do not expect an incomplete for any reason. Each assignment will also have a separate deadline.
3. You must pass all the assignments to pass the course.
4. Each program should be well-documented and adequately tested.
5. You must turn in the source code runnable using MS Visual Studio .NET, a README.txt with a brief description of the design and use of the code (and where applicable, a sample output), as a single zip-archive for each assignment. To turn in the assignment number \( \text{?} \) (where \( \text{?} = 1, 2, 3, 4 \)), create the archive asg??.zip, and execute the following shell command on unixappsl:
   ```
   /common/public/tkprasad/cs340/turnin-pa? 
   asg??.zip README.txt 
   ```
6. You may also be required to demonstrate your code in my office hours after the due date.
**Assignments (Contains information for three different books listed above)**
