

Multicultural Education

A Brief Overview

Refugees in America

- "Refugees are most affected by school, educators, and peers"
- Problems Faced by Refugees: Language Barriers, Privacy Concerns, Culture Misunderstandings, and Stereotypes
- Solution: Assimilation, Acquisition, and Transition Classes

Multicultural Perspective

- Multiculturalism—The presence of, or support for the presence of, several distinct cultural or ethnic groups within a society.
- Solution: Require HS Students to be fluent in two languages (English and another foreign language)

Multicultural Competency

- Problems addressing diversity within the education system.
- Solution: Integrate culture within the education systems major studies (math, language arts, science, and social studies)
