

As for our presentation, we don't have a PPT or PDF from the presentation itself, it was all done as a real-time demonstration. I do have a very nice summary site that could fill in though, if that would work. Here are 3 links to consider:

Physics: <http://www2.saplinglearning.com/physics-0>

Astronomy: <http://www2.saplinglearning.com/astronomy-0>

Chemistry: <http://www2.saplinglearning.com/chemistry>

I hope this helps!
