Hello Teachers! This area contains links to a lesson plan with corresponding activities, quizzes and homework assignments, to be used as educational guides. This project is based on museum education principles, and does not necessarily follow or meet any recognized curriculum. It is intended to be an educational tool to

help supplement the lesson plans teachers already have prepared. You can refer to the About page to find out more about how this meets museum education principles and CORE teaching standards if needed.

The links provided are just a suggestion and are designed for you to modify and insert your own material to fit your class's needs!
