Picking Players and Teams

1. Each player draws a card from the shuffled deck. The two (2) players with the HIGHEST cards are one team. The two (2) players with the LOWEST ranking cards are the second team.

2. The team with the LOWEST ranking cards may choose in which seats they would like to sit. HOWEVER, team members on each team must sit OPPOSITE each other.

Scoring and Winning

1. Both players on each team add their Tricks together for their team's winnings.

2. The team with the MOST Tricks has won the first round.

3. To calculate each team's points, subtract six (6) from both team's Tricks. This shows the amount of points that team has.

   Example:
   If team A has nine (9) Tricks and team B has four (4) Tricks, SUBTRACT 6 from BOTH teams. Team A now has 3 POINTS and team B has zero (0) POINTS.

4. The team with five (5) or more POINTS wins!

I know little of the game at present,” he said, “but I shall be glad to improve myself.”

Warning!

1. Players are NOT ALLOWED to talk in any way with each other regarding their cards, in either the positive or negative. So no saying “I don’t have anything good,” or “This is my best hand yet!”

2. Team members are NOT ALLOWED to speak to one another during the game, especially about how many points each has or what type of cards each has.

3. Betting is NOT ALLOWED!
The Game Of Whist

Pride and Prejudice: The Bicentennial
CELLA, Wright State University, 2013

Required:
One 52 playing card deck
Four (4) players
One (1) Dealer
Pen and paper

Whist

1. The player to the LEFT of the Dealer shuffles the deck.
2. The player to the RIGHT of the Dealer cuts the deck.
3. The Dealer deals thirteen (13) cards, one at a time, to each player. The last card goes to the Dealer, FACE UP, and is called the Trump Suit Card or just Trump.
4. The player to the Dealer’s LEFT begins the game. Place any card face up in the middle of the table.
5. Moving CLOCKWISE, each player puts down a card of the SAME suit as the first player’s card. If a player does not have the suit in play, they may play any suit.
6. The player that plays the highest-ranking card wins all the played cards; this is called a Trick.
7. A player automatically wins the Trick if they play a Trump card. If more than one player plays a Trump card, the highest-ranking card wins the Trick.
8. The player who won the last Trick begins the next Trick.
9. Continue this until all cards have been played.
