It was my honor to have recently attended the funeral services and reception for Dr. Gordon Ritter, a long time CAMA Board member, Secretary-Treasurer, and friend. That day at the Prescott (AZ) airport was gorgeous and sunny with clear air and no visibility limitations (CAVU), perfect for and benefitting flying. I was impressed with the Rittaire facilities and all the family and friends who attended this ceremony. He will be sorely missed.

On February 7, 2015, a CAMA Board meeting was held at the Embassy Suites DFW, Irving, Texas. I really appreciated the sacrifice made by all who attended this successful meeting. It is good to see a group of dedicated professionals improving this organization for the good of the flying public.

CAMA is again hosting the “CAMA Sunday” program on May 10, 2015, in Orlando, FL, and the “CAMA Luncheon” on Monday, in conjunction with the Aerospace Medical Association Annual Scientific Meeting. We look forward to a very interesting presentation by Dr. Rich Williams, NASA’s Chief Medical and Health Officer, who will discuss his insights regarding aerospace medical issues within NASA.

Arrangements for the Fort Worth CAMA Annual Scientific meeting October 8–10, 2015, are in progress. The theme will be “Preventive Medicine,” and it promises to be another great time for camaraderie, CME, FAA recertification, and Maintenance of Certification.

The historical and convenient downtown Hilton Hotel will provide a great venue. The Hilton is located within walking distance of numerous restaurants, entertainment establishments, The Sid Richardson Museum (which features Western Art), and Sundance Square. A Thursday evening food and wine event will be hosted at the well-known Milan Gallery downtown, and the awards dinner will be at the Hilton on Friday evening.

At this scientific meeting, I have proposed that a coalition of interested parties meet informally in Fort Worth. An invitation will be made for up to 2 representatives of organizations such as AOPA, EAA, AsMA, and CAMA to meet and discuss common issues such as Obstructive Sleep Apnea, backlogs of Medical Special Issuances, the Third Class Medical, and other related pilot-medical matters. I look forward to open discussions and finding solutions toward common goals.

I hope to see y’all in Fort Worth and Happy Landings,

Mark C. Eidson, M. D., President CAMA
The editors of Flight Physician welcome submission of articles, letters to the Editor, news items, interesting aeromedical cases, and photographs for publication. Please email items to:

Message from CAMA
Executive Vice President
David P. Millett, M. D., MPH:

The 86th Annual Scientific Meeting of the Aerospace Medical Association (AsMA) will take place this year at the Walt Disney World Swan and Dolphin Resort in Lake Buena Vista, Florida, May 10-14, 2015. In addition to the scientific meetings, there are some events which might be of interest to CAMA members.

On Saturday, May 9, the Airlines Medical Directors’ Association will be presenting its annual program, with sessions relating to aviation medical subjects. The meeting will be in the Asia-1 Room in the Dolphin Hotel from 8:00 AM to 3:00 PM.

On Sunday, May 10, the annual CAMA Sunday will take place from 9:00 AM to Noon in the Asia-1 Room at the Dolphin Hotel. The program, led by Dr. Rich Williams of NASA, will be excellent! The topic is “NASA Medicine, Past, Present, and Future.”

The CAMA Luncheon will be held on Monday, May 11, 2015, in the Asia-4 Room of the Dolphin Hotel, Dr. Rich Williams of NASA will be talking about the Mars space expedition, which should be very entertaining!

Prior to the CAMA Luncheon, CAMA members are welcome to socialize and discuss issues with the CAMA Officers and Trustees in the Asia-1 Room from 10:00 AM until Noon. This will be an informal gathering that will replace the usual formal Board meeting. There is no agenda, and discussions are “off the record.” We encourage attending CAMA members to drop by with your suggestions and comments for Board members.

We hope to see many CAMA members there!

Civil Aviation Medical Association (CAMA) Contact Information:

The 2015 CAMA Annual Scientific Meeting will take place October 8-10, 2015, at the Fort Worth Hilton (Downtown), Fort Worth, Texas. On Page 4 of this publication is a registration form for this event. Room reservations for the Fort Worth Hilton (Downtown) can be made by using link (as this publication is in pdf format, you may need to copy/paste or type the link into your browser):

If you are not a member of CAMA, or if you are a past member who has not yet renewed your membership for 2015, and you wish to register at the lower “CAMA Member” registration fee rate, please complete a membership form (see Page 10 and return it to CAMA. It may be returned at the same time as your registration form. A regular yearly membership to CAMA is $125.00 U. S. Dollars.

The CAMA Annual Scientific Meeting is approved for FAA AME Periodic Training/Recertification, and CME and MOC will be applied for. The program is currently under development by the CAMA Education Committee and will be published in upcoming CAMA publications and on the CAMA web site (www.civilavmed.com).

The CAMA Member registration fee is $675.00 for attending professionals and $350.00 for guests. A non-member registration fee is $725.00. CAMA does not sell separate tickets to the individual events held in conjunction with the meeting. Those events are for registered participants and their guests only. Anyone registering after the cut-off date of September 7, 2015, will be charged an additional $50.00 late registration fee. There is also a $50.00 service fee for refunds of registration fees.

If you have questions regarding the CAMA Annual Scientific Meeting or CAMA Membership, you may email us at civilavmed@aol.com or call us at 770-487-0100

Internationally famous as the scene of 35th President John F. Kennedy's final address on the morning of November 22, 1963, Hilton Fort Worth is located in downtown Fort Worth, TX. This elegant landmark hotel places guests just a few yards from Sundance Square. Stroll easily to seasonal outdoor concerts or a nearby restaurant and admire this well-kept neighborhood. The Fort Worth Cultural District, the Stockyards area and Texas Christian University (TCU) are also just minutes away.

PERSONS REGISTERING TO ATTEND THE CAMA ANNUAL SCIENTIFIC MEETING – PLEASE MAKE YOUR HOTEL
RESERVATIONS ONLINE USING THE FOLLOWING LINK:

THIS IS A SPECIAL LINK EXCLUSIVELY FOR CAMA MEETING ATTENDEES TO USE TO RECEIVE THE SPECIAL
CAMA ROOM RATE ($139.00 PER NIGHT, PLUS APPLICABLE FEES AND TAXES, FOR 1 OR 2 PERSONS). ALL
RESERVATIONS MUST BE MADE BY SEPTEMBER 7, 2015, TO RECEIVE THE CAMA RATE.

CAMA MEMBER REGISTERED ON OR BEFORE SEPTEMBER 15, 2014 $675.00 U.S. DOLLARS
CAMA MEMBER REGISTERED AFTER SEPTEMBER 15, 2014 $725.00 U.S. DOLLARS
SPOUSE/GUEST OF ATTENDEE $350.00 U.S. DOLLARS
*NON-MEMBER REGISTERED ON OR BEFORE SEPTEMBER 15, 2014 $825.00 U.S. DOLLARS
*NON-MEMBER REGISTERED AFTER SEPTEMBER 15, 2014 $875.00 U.S. DOLLARS

NOTE: Registration and guest fees include 8 meals – Continental breakfast and buffet lunch on Thursday, Friday, and Saturday, a field trip with food on Thursday night, and the Honors Night Banquet on Friday Night. No activities are scheduled for Saturday evening.

*NON-MEMBERS – IF YOU WISH TO REGISTER AT THE LOWER MEMBER RATE, YOU MAY BECOME A MEMBER
OF CAMA BY REQUESTING A 2015 MEMBERSHIP FORM. YOU MAY COMPLETE AND RETURN IT AND YOUR 2015
DUES PAYMENT WITH YOUR REGISTRATION FORM.

RETURN REGISTRATION FORMS BY EMAIL, FAX, OR REGULAR MAIL TO:
CIVIL AVIATION MEDICAL ASSOCIATION
P. O. BOX 2382, PEAHTREE CITY, GA 30269
PHONE: 770-487-0100
FAX: 770-487-0080

Registration forms may be returned by FAX or eMail (civilaviamed@aol.com) if you are using a credit card (VISA OR
MASTERCARD ONLY) for payment or registration fee(s). All registrations received will be acknowledged by email, so
an email address is required. If you do not receive a confirmation email that your registration has been received, please
contact CAMA. We do not share email addresses with any other groups or individuals – the email address is strictly for
our use in communicating with you with regard to CAMA activities.

THIS MEETING IS APPROVED FOR FAA-AME PERIODIC TRAINING AND CME HAS BEEN APPLIED FOR.
OBSTRUCTIVE SLEEP APNEA

Effective March 2, 2015, new FAA guidance on OSA was added to the Guide for Aviation Medical Examiners. Additionally an 8 minute FAA video entitled “OSA Screening Guidance for AME’s” was added to the FAA web site. The link to this video is: http://www.faa.gov/tv/?mediaId=1029

An OSA Toolkit with flow charts and guides included (such as a BMI formula and chart and a Berlin Questionnaire), along with other questionnaires and screening tools, is available on the FAA web site. This toolkit is easily found by typing “OSA” into the FAA web site search box. The link is: http://www.faa.gov/about/office_org/headquarters_offices/avs/offices/aam/ame/guide/media/faa%20osa%20reference%20materials.pdf.

The following information is found in the latest Federal Air Surgeon’s Bulletin, Volume 52, No. 1, 2015-1:

Major Points in the New OSA Screening Guidance:

- No disqualification of pilots based on BMI alone. The risk of OSA is determined by an integrated assessment of history, symptoms, and physical/clinical findings.
- The OSA screening process must be completed by the AME using the American Academy of Sleep Medicine guidance to be provided by reference material incorporated in the Guide for Aviation Medical Examiners.
- Documentation of the OSA screening can be provided by the AME simply by checking the appropriate block while completing the airman’s 8500-8.
- Pilots determined to be at significant OSA risk will be issued a medical certificate and referred for an evaluation.
- OSA evaluations may be completed by any physician (including the AME), not just sleep specialists, using the American Academy of Sleep Medicine’s guidance.
- Evaluations do not require a laboratory sleep study or even a home study if the evaluating physician determines the airman does not require it.
- Results of the evaluations can be given to the AME, forwarded to the Aerospace Medical Certification Division (AMCD), or sent to the Regional Flight Surgeon’s (RFS’s) office within 90 days of the FAA exam to satisfy the evaluation requirement. The pilot continues to fly during this period.
- If the pilot needs additional time beyond 90 days to complete the evaluation, a 30-day extension will be granted by the AMCD or the RFS on request.
- Pilots diagnosed with OSA can send documentation of effective treatment to the AMCD or the RFS’s office in order to receive consideration for a Special Issuance medical certificate.
- The FAA will send the pilot a Special Issuance letter documenting the follow-up tests required and timing of the reports.
- Most follow-up reports will only require usage data from the CPAP machine and a brief statement from a physician.

Another helpful link—The AASM Guidance on Obstructive Sleep Apnea: http://www.aasmnet.org/Resources/clinicalguidelines/OSA_Adults.pdf

Body Mass Index (BMI) is a number calculated from a person’s weight and height. BMI is a screening method that may indicate underlying health issues.

\[
BMI = \frac{weight\,(lb) \times 703}{(height\,(in))^2}
\]
The 2013 fifth edition of “Rayman’s Clinical Aviation Medicine” is a 485 page rewrite of the classic text. Seven physicians well experienced in aviation medicine provide aeromedical disposition guidelines for civil and military aviation, making it an indispensable reference for the aviation medical examiner or flight surgeon practicing in an operational or regulatory role. (The authors receive no royalties.)

Charges are $70.00 for the book, plus $4.20 sales tax, plus $5.80 for shipping and handling for a total price of $80.00 (U.S. and Canada; $105.00 international). For purchase, please contact Gloria Carter (gcarter@asma.org or call 703-739-2240 ext.106) or Sheryl Kildall (skildall@asma.org or call 703-739-2240 ext.107.)
Introducing Ashgate Publishing Company’s Latest Aerospace Medicine Title:

High G Flight, by David G. Newman

This unique book examines the nature of the high G environment and its physiological effects on the various systems of the human body. It draws together the accumulated knowledge of human exposure to high G, resulting in a definitive volume on its physiological effects and countermeasures. As Dr. Michael Bagshaw of King’s College London and Cranfield University, UK, commented, “This is the book we have all been waiting for.” For more information, visit our website

http://www.ashgate.com/isbn/9781472414571

978-1-4724-1457-1 $119.95. Includes 31 black and white illustrations, 268 pages.

Introducing our new Acquisitions and Marketing Executive!

Leigh Norwich has worked with Ashgate Publishing Company in both commissioning and marketing roles since 2008; she will now be acquiring Aviation titles and expanding the list into new areas. Her dual role means that she’ll be collaborating with authors from the earliest stages of proposing a book, through to marketing and promotion, establishing a unique long-term publishing partnership. Please contact Leigh with any questions or book proposals at: lnorwich@ashgate.com.

(After those of you who know Guy Loft: He’s moving on to further develop our human factors and ergonomics list, though he’ll remain involved with the aviation list through the end of 2015.)

Ashgate Publishing Company is a Corporate Member of CAMA. A copy of the newest publication will be available for viewing at the CAMA table during the May AsMA meeting in Orlando, along with order forms and discount coupons.

2014-2015 CAMA Officers:

President
Mark C. Eidson, M. D.

President-Elect and Editor
Clayton T. Cowl, M. D., M. S.

Immediate Past President
Hugh J. O’Neill, M. D.

Secretary Treasurer
Michael F. Boyer, M. D.

Executive Vice President
David P. Millett, M. D., MPH

Vice President for Education
Andrew Miller, M. D.

Vice President for Communications and Representation
Warren S. Silberman, D. O., MPH

CAMA Trustees:

Term Expiring 2015:

Per-Johan Cappelen, M. D.
Katherine Helleur, M. D.
Petra Illig, M. D.
Russell Rayman, M. D.
Farhad Sahiar, M. D.

Term Expiring 2016:

Edmond F. Feeks, M. D.
Fred A. Furgang, M. D.
John D. Hastings, M. D.
Seak K. Roden, M. D.
Alex Wolbrink, M. D.

~Dr. Gordon L. Ritter, age 74, passed away on Friday, March 6, 2015 at Mayo Hospital in Scottsdale, Ariz., surrounded by his family and wrapped in their love.

~Born October 19, 1940 to the late George and Lucille Ritter of Waverly, Ill., Dr. Ritter graduated from Waverly High School in 1958. He went on to earn his B.S. Degree in Education at Eastern Illinois University, then his Pharmacy degree at St. Louis College of Pharmacy in 1967. Dr. Ritter graduated from Kansas City College of Osteopathic Medicine in Kansas City, Mo. with his D.O. Degree in 1971.

~In 1972, Dr. Ritter had the opportunity to be the first to bring health care services to the Bullhead City area. Over the years, Dr. Ritter successfully built the practice into a full service medical facility with the cooperation of selected Las Vegas and Phoenix based providers willing to come to the patient. As a driving force for health care in Bullhead City, Dr. Ritter brought healing, comfort, and health to the entire community.

~In 1996, Dr. Ritter moved to Prescott and started his practice at Love Field, providing Aero Medical Certifications to pilots as Senior Medical Examiner/Flight Surgeon for Northern Arizona. His experience and expertise helped many pilots, from the professional to the recreational, smoothly and effectively fulfill their medical certification requirements.

~As president and CEO of Rittaire, LLC., Dr. Ritter took a small facility consisting of one hanger and an office building and built it into a major facility at Prescott Airport boasting over 55,000 square feet of hanger space. His generosity and leadership touched countless lives through scholarships at Embry Riddle University and Mohave Community College, as well as through his mentorship and guidance to anyone who sought his counsel.

~Dr. Ritter was a member of the Arizona Osteopathic Association, American Osteopathic Association, Arizona Medical Association, American Medical Association, Yavapai County Medical Association, Civil Aviation Medical Association, the Aircraft Owners and Pilots Association, and a Board member of The Legacy Foundation.

~Dr. Ritter is survived by his wife, Celia Ritter; sons, Garth of Prescott, AZ., Gregory of Sandy, UT, and Garren (Audra) of Schertz, Texas; his grandchildren, Georgia, Garret, and Grant also of Schertz, Texas; and his brother, Gary (Judy) of Prescott, AZ. Dr. Ritter touched so many lives and will be missed by all those who had the good fortune to know him.

~Memorial services were held Saturday, March 14, 2015 at St. Catherine LaBoure’ Roman Catholic Church, 2062 Arizona Highway 89, Chino Valley, AZ 86323. Funeral arrangements were entrusted to the care of the Hampton Funeral Home of Prescott. To offer online condolences go to, www.hamptonfuneralhome.com.

~In lieu of flowers, donations in his memory would be preferred and may be made to, The Gordon L. Ritter, D.O. / Embry Riddle Scholarship fund, c/o Embry Riddle Aeronautical University 3700 Willow Creek Road Prescott, Arizona 86301 or, The Mohave Community College Nurse’s Endowment Fund 1971 Jagerson Avenue Kingman, Arizona 86409.

8 Flight Physician March 2015
The financial resources of individual member dues alone cannot sustain the Association’s pursuit of its broad goals and objectives. Its fifty-plus-year history is documented by innumerable contributions toward aviation health and safety that have become a daily expectation by airline passengers worldwide. Support from private and commercial sources is essential for CAMA to provide one of its most important functions: that of education. The following support CAMA through corporate and sustaining memberships, and we recognize the support of our lifetime members:
