WRIGHT STATE UNIVERSITY
ACADEMIC COUNCIL MINUTES

November 5, 1990

I. The meeting of November 5, 1990, was called to order by University Faculty Vice President Rudy Fichtenbaum at 3:10 p.m., in 155A, B, and C University Center.

II. The minutes of October 1, 1990, were approved as distributed.

III. Report of the President, Paige Mulhollan reporting:

A. Reduction of University Expenses. Effective November 1, the University implemented the following guidelines as precautionary savings measures in the event of future state subsidy reductions:

   a. Units with authorized positions may continue recruiting efforts, but may not conduct interviews.

   b. No temporary employees may be hired; temporary employees currently working will complete their term of employment, but may not stay beyond that date.

   c. No transfers may be made from special development accounts without the approval of the appropriate vice president and the president.

   d. Exceptions to the above will be allowed only with the approval of the appropriate vice president and the president.
2. **General Spending restrictions**
   a. Physical plant will implement all reasonable measures to reduce energy consumption, including building temperature adjustments of two degrees (no buildings will be closed).
   b. Library acquisitions, excepting periodicals or serials, will be deferred through Jan. 31.
   c. No remodeling or local construction will occur, unless critical to safety (normal repair and maintenance activities will continue).

3. **Unit Spending Restraints**
   a. Each vice presidential area and the president's area will be assigned a target for savings in non-personnel expenditures, with a university goal of about $2 million. Each area will assume a proportionate share; unit managers will decide the best ways to achieve the savings.
   b. All Departmental Purchase Orders (DPOs) require approval of the appropriate vice president or the president in order to encourage review of expenses and eliminate any nonessential expenses, such as food service costs.
   c. Expenditures for recruiting require approval of the appropriate vice president or the president.

In general, discretion is to be used in spending, including travel, capital and supplies.

**Discussion:** Book purchases had been suspended before this freeze; consequently, the added suspension dictates the absence of book acquisitions for approximately six months. President Mulhollan stated that he was unaware of the prior book suspension in the library, and will look into this to see how the two suspensions relate to each other. A lengthy discussion ensued concerning: 1) the suspension of book acquisitions and the effect on the university budget, 2) the hiring freeze effect on adjuncts, and 3) the university reserves in relation to the reduction of university expenses.

B. **January-June 1991 Health Benefit Plan.** President Mulhollan reported the status of the benefit plan:

1. The Benefits Task Force has reviewed the results of the employee survey.
2. The task force must make its recommendations by the end of this week or the first of next week.
3. The decision concerning university benefits for the balance of 1990-91 will be made:
   a. by the task force working with Edward Spanier, personnel in the insurance office, and President Mulhollan or,
   b. in the absence of the task force's participation, by Dr. Spanier and/or President Mulhollan.

4. The decision will be reported to the Board of Trustees' Finance and Audit Committee in two weeks. At that time an announcement will be made.

(A lengthy discussion on benefits followed this report.)

IV. Report of the Steering Committee, Rudy Fichtenbaum reporting:

In addition to other agenda items, the committee set the agenda for the November 5 AC meeting, but the priority interest of the committee has been the issue of health benefits. Mr. Fichtenbaum reiterated some of his comments made on this subject in The Faculty Line.

V. Report of Standing and Ad Hoc Committees

A. Building & Grounds Utilization & Planning, Rudy Fichtenbaum reporting for James Runkle:

Committee representation has been solicited by the administration on two matters:

1. Architectural Selection Committee for Student Services Complex. After two days of meeting with architects the committee recommended, in priority order, several firms. Future work with the architects, reconciling goals and budget, is anticipated.

2. Task Force on Visual Appearance of Campus. The committee will begin meetings next week.

B. Curriculum, Robert Wagley reporting for Susan Praeger:

In addition to the routine business of considering 7 new courses, 3 course deletions and 62 course modifications, the committee continues to discuss issues related to "good standing" terminology and the proposed Writing Across the Curriculum policy. The impact of the W on student records is no longer being discussed as it does not appear to be a problem at this time.
The policy of the 90-hour requirement to graduate with honors has been reviewed, and the committee will enter a motion under New Business to consider changing the policy to require 45 graded hours in order to be eligible to graduate with honors. The committee is also requesting approval of course additions and modifications. (See New Business.)

C. Faculty Affairs, Greg Bernhardt reporting

1. Final Exam Policy. Under New Business today, the committee will present a recommendation on a final exam policy for the academic year, fall through spring quarters.

2. Academic Misconduct. A joint subcommittee (Faculty Affairs and Student Affairs) has been appointed to review the policy on academic misconduct.

3. Senior Instructor Rank. A hearing is scheduled November 9 to consider the creation of the rank of Senior Instructor or another rank that would allow for the tenure of faculty in certain instances below the professorial ranks now in existence. Written comments can be sent to Greg Bernhardt.

D. Library. No report.

E. Student Affairs, Lewis Shupe reporting:

1. Academic Dishonesty. The subcommittee (Student Affairs and Faculty Affairs) will be meeting with Rudy Fichtenbaum to receive the charge so that everyone is speaking the same language when the issue of academic dishonesty is discussed.

2. Scope and Programming of Student Affairs. Harold Nixon, Vice President for Student Affairs, met with the Student Affairs Committee to talk about the scope and programming of student affairs and to project issues for discussion throughout the year.

3. Student Affairs Retreat. The two main topics at the Student Affairs Retreat on November 8-9 are minority issues (cultural, racial, sexual, and disability) and retention issues (special support services, student involvement, and classroom environment).
4. **Expanded Library Hours.** A request from Student Government for expanded library hours (especially from November 23 through the final exams week) has been forwarded to the university librarian.

5. **WSU Diversity Week.** L. Shupe distributed posters and flyers describing the schedule of programs for WSU Diversity Week November 12-16, 1990. Included in the same dates, November 13-15, Student Government will have campus safety forums.

D. **University Budget Review Committee (UBRC),** James Sayer, reporting:

1. **Updated Budgetary Information.** Since the last session of the Academic Council, the UBRC has solicited and received updated budgetary information from the central administration and has received fiscal projections for the remainder of the calendar year.

   The UBRC also received a recommendation that had been adopted unanimously by the task force on benefits that stated if there is going to be a $500,000 shortfall in terms of benefits coverage that will come due in January, that shortfall should not be imposed on the faculty and staff, but should be funded by the University.

2. **Budget Priorities.** The next task for UBRC is to begin a three-step process to examine budget priorities: a) examine what we do with our money, b) examine what we should continue to do with our money, and c) examine what we currently do with our money that we ought to eliminate.

VI. **Old Business**

A. **Call for Additional Nominations for Academic Council Representatives to University Promotion & Tenure Committee.**

   Nominations 10-1-90: Charles Hartmann
                        Mary Lou White

   Nomination 11-5-90: Helen Klein

   Helen Klein was elected as Faculty Member-at-Large to the University Promotion & Tenure Committee.
