II. The minutes of November 2, 1992, were approved as written.

III. REPORT OF THE PRESIDENT: No report.

IV. REPORT OF THE STEERING COMMITTEE, Edgar Rutter reporting:

The Steering Committee set the agenda for this meeting and also took the following actions:

A. Endorsed and forwarded to President Mulhollan a resolution adopted by the University Budget Review Committee urging that persons electing early retirement not be re-employed by Wright State on a full-time basis. This resolution does not pertain to retired faculty teaching selected courses as adjuncts.

B. Referred to the Faculty Affairs Committee a letter from the Faculty Senate at Ohio University to Chancellor Hairston addressing four key recommendations in the report of the Statewide Managing for the Future Task Force. Steering requested Faculty Affairs to review the concerns expressed in that letter and communicate its analysis to the chancellor.

C. Accepted reports from Faculty Affairs and Student Affairs which concluded that the ban on eating and drinking in classrooms proposed by Vice President Hathaway is not the appropriate way to deal with trash in classrooms. Both committees called for greater availability of receptacles for trash. Their recommendations were endorsed by Steering and have been forwarded to Dr. Hathaway.

D. Discussed the continuing problems with Media Services and the recent teleconference on Sexual Harassment. M. MacDonald and E. Rutter intend to ask the Academic Council to appoint a broadly-based task force on sexual harassment at the January meeting.

V. REPORT OF STANDING AND AD HOC COMMITTEES:

A. Building & Grounds Utilization & Planning, Stephen Frederick reporting: (See attachment A.)

B. Curriculum, Daniel Voss reporting:

The Curriculum Committee met once in November. The primary item of business was a policy for determining students' eligibility of general education program requirements, which appears later on
today's agenda and is intended to substantially reduce the number of petitions related to general education. The committee also approved six course additions and eighteen course modifications and continued discussions of the course request process. The winter quarter meeting dates have not yet been established, though the committee anticipates meeting during the weeks of January 11, February 8, and March 8.

C. **Faculty Affairs (FAC)**, James Swaney reporting: (See attachment B.)

D. **Library**, Rai Pujara reporting: (See attachment C.)

E. **Student Affairs**, Lewis Shupe reporting:

1. Two diversity teleconferences were scheduled for on-campus during November, "Confronting Sexual Harassment on Campus," November 12, and "Enhancing Race Relations on Campus," November 18. The teleconferences were supportive of the ongoing discussions pertaining to diversity issues on campus.

2. A unity week was scheduled for Monday, November 16 through Friday, November 20. Three events highlighted the week:
   - A one-man, concert-theatre portrayal of Malcolm X.
   - The teleconference on race relations on campus.
   - A celebration event, an artistic, historical and philosophical presentation by individuals and groups representative of the university's multicultural communities.

3. Members of the University Student Affairs Committee and the University Faculty Affairs Committee have begun meeting to study revision of the current faculty evaluation form and procedures.

4. The committee members have initiated discussion pertaining to increased faculty/student interactions outside of the classroom setting.

F. **University Budget Review (UBRC)**, Mary Ellen Mazey reporting:

The UBRC met twice since the November 2 Academic Council meeting. At the November 6 meeting the members passed a resolution advising the university not to rehire early retirees in another full-time capacity within the university following retirement. Such a practice defeats the goal of early retirement which is to provide cost savings to the university and, in addition, does not conform to the university's adopted affirmative action policy. The resolution does not apply to part-time or grant-related employment.

Also, at the November 6 meeting Dr. Pollock presented an overview of the university budget. Dr. Mulhollan and Dr. Hathaway were also in attendance and provided insight.

UBRC appointed a subcommittee on printed material. Members of the committee are Joyce Corban (Chair), Emmett Orr, Jim Runkle, and Peg Kane.
At the November 25 meeting of UBRC, the members discussed benefits for nontraditional domestic partners and decided to project the costs of such benefits based upon a similar projection at Ohio State University. The committee will revisit the issue when the projections are completed. The committee also discussed the prospects of a future early retirement program. Ed Rutter, Maggie MacDonald, and Mary Ellen Mazey plan to discuss the issue with President Mulhollan during the month of December.

At the December 2 meeting of UBRC, Tom Oddy will give the committee a presentation on the financial status of the Nutter Center.

G. Quadrennial Review (QRC), Manley Perkel reporting:

This year's Quadrennial Review Committee was formed at the beginning of the spring quarter, last academic year. It was intended that the committee take a comprehensive look at the constitution and bylaws of the university by considering changes to the bylaws since the last review (1988-89) and more substantive changes as may be desired.

The committee's first item of business in April was to solicit input from all segments of the university to identify those issues and ideas the QRC needed to address. From the responses, a list of approximately sixteen items was drawn up for consideration. Since then, the committee has met six times. Some of the items on the list have been passed on to other committees, as appropriate, for their recommendations or for their consideration. Other items have been (or are being) dealt with by the committee. It is intended that all suggestions or changes the committee recommends be passed on via the Steering Committee to the Academic Council or to other appropriate university committees.

The committee has prioritized the list and is wrestling with a number of the items in the top priority. They have also established a timeline for completion of their business. As items are dealt with, they will be brought to Academic Council. It is the committee's intent to have their business completed by the end of the winter quarter so that their final recommendations can be presented to the entire faculty at the Spring Quarter University Faculty Meeting in May 1993.
